

## List of Simulation Files

BenchmarkModel_Dynamic.slx	<ul style="list-style-type: none"> <li>• Simulink implementation of the dynamic version of the benchmark network model</li> </ul>
BenchmarkModel_Dynamic_TestCase.slx	<ul style="list-style-type: none"> <li>• Simulink implementation of the dynamic version of the benchmark network model, modified to run test case on islanded operation of the micro-grid</li> </ul>
BenchmarkModel_Phase.slx	<ul style="list-style-type: none"> <li>• Simulink implementation of the phase version of the benchmark network model</li> </ul>
BenchmarkModel_Phase_TestCase.slx	<ul style="list-style-type: none"> <li>• Simulink implementation of the phase version of the benchmark network model, modified to run test case on OLTC transformer</li> </ul>
Bus.slx	<ul style="list-style-type: none"> <li>• Subsystem block for electrical bus in the dynamic version of the model</li> </ul>
Bus_phase.slx	<ul style="list-style-type: none"> <li>• Subsystem block for electrical bus in the phase version of the model</li> </ul>
